

TADPOLES INFO FORM

Dear Bright & Early Family,

Keeping our families in close communication with our centers has always been a priority!

Bright & Early utilizes the app/website program, Tadpoles. Tadpoles acts as a daily communication tool, allowing your child's teacher to capture special moments by taking photos of your child in action, as well as send you classroom information. You will receive a Daily Report and photos right in your email inbox!

Each classroom is equipped with an iPad specifically used for Tadpoles. If you see a teacher on what looks like a phone, rest assured, they are not, as per B&E center policy -- no cell phones in the classrooms! The devices are programmed with no internet access.

We consider all information captured using Tadpoles as private communication between our center and our families. No personal information is shared with any external parties, and as a parent you will only receive information specifically about your child. To participate in Tadpoles:

1. Download the **Tadpoles Parents** app or access the program online at **www.Tadpoles.com**.
2. Create an account using the same email you provide on this form.
3. Receive your Daily Report, as well as photos of your child!

We are so happy you have joined the Bright & Early family! We look forward to an informative, supportive, and enjoyable communication experience with you.

Thank you!

PLEASE FILL OUT THIS INFO & RETURN TO DIRECTOR/ASST DIRECTOR ASAP SO WE MAY INPUT THE CORRECT INFO IN OUR SYSTEM:

CHILD(REN)'S FULL NAME(S): _____ DATE(S) OF BIRTH: _____

PARENTS' FULL NAMES: _____

EMAIL(S) YOU WANT DAILY INFO SENT TO: _____

CELL PHONE(S) YOU WANT INFO SENT TO (ALERTS, ETC): _____
