

Cultivating creativity and growth through fun-filled learning!

ABOUT ENRICHMENT PROGRAMS

Bright & Early offers additional enrichment programs to add depth to your child's educational experience. Your child may participate in Bright & Early hosted enrichment programs for additional fees. Detailed information is available from your Director throughout the program year. Please keep in mind that programs may vary depending on the location of your child's center.

Toddler & Preschool Soccer Program

Bright & Early collaborates with local Soccer Programs to offer a unique experience for Toddlers and Preschoolers who want to become quick on their feet and learn beginning soccer skills. Children will engage in exercise, develop their team-building spirits, as well as work on their hand-eye coordination skills. The clinics run year-round, indoor and outdoor. Free clinics are hosted yearly for your child to try before signing up.

Gymnastics Classes

Gymnastics Classes are held at Bright & Early for children aged 2-5 years old. These classes promote gross motor development, strength building, and balancing skills. The equipment is all child-sized, and the progress children make is remarkable. Children are comfortable and less intimidated while using the perfectly-sized olympic apparatus such as pre-bars, floor balance beam, tumbling mat, and vaulting horse.

Performing Arts Classes

Bright & Early offers Performing Arts Class classes through local companies where children will build confidence, boost communication skills, and foster creativity through drama and dance. Children are introduced to theater and dramatic arts through well-known fables and children's books. Little ones participating in these classes will gain experience performing in group settings, all while having fun!
